To De Marchiel :- I have ten years been troubled with Female complaints—prolapsus, Uteri, and all the attending difficulties—at ingres rendering my life most miserable. I have had the attendance of some of the best physicians, with but little success. The most that they could do was to reliave—a cure was out of the quention. For five mouths before commencing with your medi-cine, I had not been able to perform any labor, could walk but a few steps at a time and scarcely went out of doors—in short, I was completely prostrated both in body and mind. I expected to drug out the rest of my days in suffering and mis-ery; but reading your adversisement, was induced to try your invaluable medicine, called 'Uterine Catholicen," as the last resort. I had not used it a work before I felt like another woman. By the use of three bottles, I was enabled to perform all the tabor, for six in the family, with sace, and only walk any where in the noeighborhood, with coulinjary. Nothing but a fense of duty to you and the suffering community, has induced me to state my case to the public; and I can asfely recommend the preparation to all those suffering like myself. [Signed] Mrs. SARAH A. HISHOP.
